SQUARE

by Formani

The **SQUARE** series' minimalistic design is a eulogy to the perfection of square and rectangular shapes. While the series is simplistic, its finer details are what make it truly unique. All the products have a bold and well-defined look, but their chamfered edges make them wonderfully tactile. The late Jan des Bouvrie, founding father of Dutch design, contributed to the series and imparted the final touches by adding smooth lines to the **SQUARE** design, accentuating the major elements. Each product of the series is made of solid materials and is manually tested for 100% straightness using a variety of tools and templates. Square has to be square, after all. This well-established series is the most comprehensive total concept range - including door, window and furniture fittings - featuring the largest number of products. One can recognize a Jan des Bouvrie by the smooth lines that emphasize the major elements of the lever handle and complete the design.

FORMANI®

Brand story

FORMANI has evolved considerably over the last few decades – from a Dutch family business to an internationally renowned designer brand, from door handles to total design concepts, from product development to collaborations with world-class designers. It was an evolution driven by pure ambition and courage. Our motto, ‘Obsessed with details’, epitomizes everything we do, from product to process, from strategy to service. Because it is these details that make the difference between good and perfect. At FORMANI, good is the enemy of great.
